

# STRATEGIC PRIORITIES

## *1. Public Safety*

The need to provide public safety and security for all citizens of Waukesha County with an emphasis on County buildings' security.

## *2. Fiscal Management*

The need to plan for all factors affecting the County in order to maintain tax stability, avoid fiscal adversity and continue essential operations, while complying with the State freeze proposition.

## *3. Transportation*

The need to ensure that our transportation system meets the demand of our growing County.

## *4. Senior Community Services*

The need to address the changing needs of senior county residents by planning, coordinating and providing access to nutrition and transportation programs to meet their needs.

## *5. Family Intervention Services*

The need to provide services for targeted populations, especially children and people with disabilities, in order to further their growth, development, safety and self-reliance.

## *6. Better Customer Service*

The need to continuously improve services to the public through innovation, cost-effectiveness and quality improvement. The next level to improving services for our customers is through the Internet.

## *7. Development*

The need to plan for the orderly development of residential, commercial and recreational areas in Waukesha County.
